PROFILE

Computer Science student at the University of Trento and independent mobile developer. Creator of Dunk Manager, a published cross-platform game with 30,000+ downloads. Passionate about software architecture, complex simulations, and AI-assisted workflows. Eager to bring strong problem-solving abilities and a builder mindset to a fast-paced software engineering team.

LANGUAGES

Italian - Native

English - B2 Level

SOFT SKILLS

Leadership & Mentorship

Ownership & Bias for Action

Problem Solving & Debugging

Teamwork & Cross-cultural Communication

Adaptability in Fast-Paced Environments

LEADERSHIP & SPORTS

Head Coach - Futsal Team (2023 – Present)

Lead and coach a team of university peers; organize weekly training sessions and game strategies in local tournaments.

Athletics (Basketball & Calisthenics)

Passionate basketball player and calisthenics practitioner, building discipline, consistency, and a strong competitive mindset.

Marco Signore

SOFTWARE DEVELOPER / CS STUDENT

EDUCATION

University of Trento

Bachelor's Degree in Computer Science
2022 - Present (Expected: March 2027)

ITIS Alessandro Rossi

High School Diploma in Computer Science | 2017 - 2022

PERSONAL PROJECTS

Dunk Manager - iOS & Android Basketball Simulation Game

Published on Google Play Store & App Store | **30,000+ Downloads**

Cross-Platform Architecture: Engineered the entire application using Kotlin Multiplatform (KMP) and Compose Multiplatform, delivering a unified UI and business logic across Android and iOS from a single codebase.

Core Simulation & AI: Designed and implemented a complex play-by-play simulation engine, deterministic player progression algorithms, and an AI-driven trade market.

End-to-End Delivery: Managed the complete lifecycle from UI/UX design and state management to store deployment, app monetization, and user-driven updates.

WORK EXPERIENCE

Local's Approach (Erasmus+) Web Developer Intern

Lisbon, Portugal | June 2021 - July 2021 • **localsapproach.org**

Developed responsive web features and modern UI components for a local tourism company, enhancing mobile usability and engagement.

Collaborated in a fast-paced, international, English-speaking environment to deliver production-ready code.

Retail & Customer Operations – Emisfero & Tosano

Sales Assistant & Cashier | July 2022 - June 2024

Managed customer relations and consumer electronics sales in high-pressure, fast-paced environments and multitasking skills.

TECHNICAL SKILLS

Programming Languages:
Kotlin, Java, Rust, C, C++, Python, JavaScript/TypeScript, SQL, PHP, HTML/CSS

Frameworks & Mobile:
Kotlin Multiplatform (KMP), Compose Multiplatform, React, Node.js, Tailwind CSS

Databases & Tools:
MySQL, MongoDB, Docker, Git, GitHub, Android Studio, VS Code, CLion, Linux

AI & Modern Tooling:
Claude, ChatGPT, GitHub Copilot (AI-Assisted Development, Prompt Engineering, Rapid Prototyping)
